## ALEXANDER AT THE FRONT.

**The Campaign for Bill Cross Will Soon Be Boiling.****TO OPEN IN TEN DAYS.****Political Battle will Begin After the Nomination of the Republican Candidate Next Week.**

W. L. Alexander, of Hobart, territorial committeeman for Kiowa county has been appointed secretary of the Democratic campaign committee for Oklahoma.

Last night Mr. Alexander arrived in the city from Guthrie, where he went with Chairman Anderson to arrange for permanent headquarters for the campaign. He stated the appointment came as a surprise to him, and that he had made preparations to spend the summer away when the tender came shortly after the recent meeting of the committee in this city.

"I shall go home and make arrangements to open the headquarters at Guthrie in about a week," said Mr. Alexander. "After that time I shall devote my entire time to the campaign work, and I shall expect the co-operation of all Democrats throughout the territory in carrying the banner of Democracy to victory this fall."

Mr. Alexander is well known in Oklahoma City and county, having been twice elected county treasurer and identified with the party work ever since his residence in the territory began. He is an excellent organizer, an efficient party worker and in every way thoroughly qualified to fill with credit the responsible position which he has been chosen to fill. Six years ago he began political work in the capacity of township committeeman in Oklahoma county and his success has been consecutive. The interests of the campaign will be well cared for in his hands.

The Caddo County Times (Republican) comes to the front and acknowledges the corn, and says it believes that the majority of the city officials are what it commonly calls "graffers" and thinks that possibly some of the Republican officials are honest or conscientious, but can do little good. Now this same Republican sheet in this same issue advises its Republican brethren to lay down their personal feelings and vote the ticket straight. Last spring it did the same thing, it even acknowledged that some of the Democratic nominees were good men, but they were in bad company and ought to be defeated because of that fact. It said defeat such men as Oldham, Pruett, Livesay and several other honest, clean able gentlemen because probably one, two or three bad men on the ticket, and advised its Republican readers to vote the Republican ticket straight. Now it gives its readers the same advice "to vote her straight," and acknowledges that a majority of the ticket it helped to elect to city offices are "graffers" and the Times (Rep.) knows also that some of the Republican nominees for county officers are absolutely the wrong men to elect and that in two of the most important offices to be filled there is no comparison between the Democratic nominees and the Republican nominees. The Democratic nominee is sober, honest, capable and all right in every way and the Times knows these qualifications are not possessed by the Republican nominee and then this "great religious" weekly says boys "vote her straight". Only the devil himself would have the gall to ask this of an honest man. After acknowledging it had advised its readers to support a ticket the majority of which are grafters according to its own testimony. Again this same Republican paper says it was a "grave mistake" to take city affairs into politics. It is now trying to play the baby act, as it doesn't want to be held responsible for what it has done. It was willing to defeat any and all Democrats because there were one or two bad men on the ticket, but when it sees that the Republican party is going to be held responsible

for the acts of its office holders it begs the question. Our nation is run on political lines, our states are carried and laws made by political parties, our counties are governed by political parties and no one objects to this. Why? New York, Chicago, St. Louis and all our cities are controlled by political parties, and some body is responsible for its affairs and this is right. If the Caddo County Times could rise equal to the occasion and if a bad Republican should be nominated advise its readers that true Americanism said turn him down and vote the Democratic ticket, then people could have some confidence in its advice. But as long as it acknowledges that it advises people to vote for grafters and boodlers just that long we will say its political prejudices are too strong for any one who has the interests of our great nation, territory and town at heart.

The interest in the meeting at the McAninch Hall is growing very fast. Last night a great many people were turned away. The hall was packed full by eight o'clock. Bro. Tabor has his whole soul in his work, and if the Christian people of this city will give him their hearty support, great good will be done here. We would advise all the ministers in this town to join hands in this work and present a solid front to the enemy. "In union there is strength." The devil's great strong hold is in getting religious people divided, or to fighting each other. So lay down your religious prejudices and all get together and have a grand meeting. (communicated)

Go to work to have a big celebration the 6th of August. The German Benevolent Association will do everything they possibly can to make it a success.

### Base Ball.

Anadarko met the team from Hobart yesterday and took them into camp to the tune of 14 to 6. After the usual warning up the home team having the choice took the outs. In the first inning things looked bad for Anadarko, the visitors making four runs before being retired. After that the home team settled down and with the exception of the third inning, when the visitors made two more, blanked the boys from the little town in Kiowa. Anadarko scored two in the first, two in the third, as many in the fourth, four in the fifth, three in the sixth and one in the eighth. The team presented the following men Moonlight s. s., Hendrix p., Hunt 3rd b., Akins l. f., Powell c. f., Hollingshead r. f., J. Brown 1st b., D. Brown 2nd b., Shelton c. Several plays were made by the home team that would do credit to any team. One of the best was a stop by Moonlight of a line hit and throw to 1st base. The battery work of Hendrix and Shelton was also good. Hendrix is always in the game, a good, heady pitcher and his back stop. Shelton, is as good as any twirler could desire. The game was thoroughly appreciated by a large, good natured crowd that was liberal in its applause of all good plays which by the way made chiefly by the Anadarko team. The Hobart team contributed largely to the run getting by its loose work in the field. Their pitcher was wild and erratic at times and unable to locate the plate. When he did his delivery was latted hard.
